MEMORANDUM FOR: Director of Central Intelligence
THRU : Deputy Director (Support)
SUBJECT : Certificate of Necessity for AFIC space at
1012-14 5th Street, N. W., Washington, D. C.

1. This memorandum contains a recommendation submitted for Director of Central Intelligence approval. Such recommendation is contained in paragraph 5.
2. At the time space was initially acquired for Agency occupancy in the Stewart Building, 1012-14 5th Street, N. W., Washington, D. C., a Certificate of Necessity, signed by the Acting Director of Central Intelligence, was provided to General Services Administration to permit exemption from the limitations established by the Economy Act of June 30, 1932, as amended. This Certificate, and the lease subsequently executed by General Services Administration, covered the fourth, fifth, sixth and seventh floors and entrance lobby at 1012-14 5th Street, N. W., Washington, D. C.
3. An additional 990 square feet of space on the first floor at 1012-14 5th Street was acquired for Agency occupancy by General Services Administration in November 1960 under the old lease. No question as to the sufficiency of the old Certificate of Necessity was raised until the expiration of the old lease in May 1961.
4. General Services Administration is negotiating a new lease for this space based upon an expected Agency occupancy through April 1963. In this connection the General Counsel for Region 3, General Services Administration, has determined that a new Certificate of Necessity to include the additional 990 square feet acquired in November 1960 is required. Accordingly, final execution of the new lease by General Services Administration will not be possible until a revised Certificate is received from the Agency.
